SHRABONY GHOSH TITHY

FRONTEND DEVELOPER

Sylhet, Bangladesh | +8801891483878|sgt.tithy.717@gmail.com | GitHub | LinkedIn | Portfolio

---

CAREER OBJECTIVE

I'm a passionate Frontend Developer who enjoys turning ideas into interactive, user-friendly web applications. While I'm continuously sharpening my backend skills with Node.js and MongoDB. I love collaborating with creative teams, learning new technologies, and building scalable solutions
that make a real impact.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, Node.Js
Frameworks: React.js, React Router, Next.js
Libraries: Axios, Tailwind CSS, Vite
Databases: MongoDB
Tools: Git, GitHub, Firebase, Figma, Netlify, Vercel, Stripe

PROJECTS

Github Profile Analyzer—GitHub Profile Dashboard with Data Visualization Live Demo | Client Repo
Stack - React, Vite, Recharts, Tailwind CSS, Axios, GitHub API
- Interactive dashboard for visualizing GitHub profiles
- Real-time data fetching with GitHub API integration
- Dark mode support and responsive design

Vault Manager—Master Password Protected Local Storage Live Demo | Client Repo
Stack - React, Vite, Tailwind CSS, Browser Encryption, Local-Storage
- Secure local password manager with client-side encryption
- Master password authentication with auto-lock functionality
- Backup & restore support with responsive design

Resume Analyzer—AI-powered Resume and Interview Prep Tool Live Demo | Client Repo
Stack - Next JS, Gemini AI, PDF Processing, Tailwind CSS
- Upload a PDF resume and paste a job description to generate an ATS match score
- AI-generated tailored interview questions (technical & behavioral) based on the exact role
- Skill gap analysis highlighting missing qualifications against the job description
